

Top reasons to attend the

Inaugural National STEM Collaborative

Women of Color STEM Entrepreneurship Conference

The New Normal: Women of Color Innovations and Achievements through STEM Entrepreneurship

May 20-22, 2016 • ASU SkySong • Scottsdale, AZ

Network with STEM stars and untapped workforce talent.

Prepare for the next step in your career by learning effective tools, strategies, and practices from the pros.

Meet with women leaders who work in the STEM industries and receive guidance and mentorship from seasoned entrepreneurs.

Dialogue about relevant issues pertaining to women and girls of color in a safe and empowering space.

Learn valuable best practices and research that will help you advance diversity and inclusion within your organization.

Create your own community of practice and support system.

Be part of a critical social movement to advance opportunities for women and girls of color in STEM.
